

9040 Contrast

small character inkjet printers ■ ■ ■

Our technology ■ ■ ■

9000 Series printers offer the best balance between performance and flexibility in their segment for an easy integration in all manufacturing environments. Their state-of-the-art design requires minimal attention and provides high quality coding.

The continuous inkjet technology prints logos, alphanumeric text and 1D and 2D barcodes. The 9040 Contrast is the best solution for marking in automotive, aerospace, cable and extrusion industries.

Your benefits ■ ■ ■

Simplicity – Ergonomic design with an intuitive user interface featuring shortcuts and direct access to consumables. Easy and quick installation of the cabinet on the floor for user-friendly operations.

Performance – High speed marking for cable and extrusion industries. Standard ethernet connectivity.

Quality – Automatic ink-pressure adjustment (Jet Speed Control) guaranteeing print quality.

Uptime – Easy change of the consumables without stopping marking operations.

Versatility – Wide choice of inks and colours, including pigmented inks for high contrast printing on dark surfaces. Mono- or twin-jet. 2 printing resolutions (71 and 115 dpi).
